

Welcome to the G2 Classroom with Ms. Passaris

I want to inspire you to have the best year ever in school and strive to do your best in all of your school work. Your attitude determines your Altitude (how successful you want to be in life). I will help you any way I can but the most important lesson in life is

“Learning to think for yourself”

This includes many different topics that you will learn while attending class such as:

- Self- control
- Self-respect
- Self-determination
- Staying focused on yourself, not others
- Listening the first time
- Keep trying
- Don't give up on yourself
- Keep an open mind

Make everyday a learning day so when you lay your head down to Rest, you can be proud that you've done your Best. *Ms. Passaris*
